

AIA California Central Coast

GRANTS FOR TEACHERS

In support of art in the classroom, the American Institute of Architects Central Coast Chapter (AIACCC) offers up to \$2,500 in grants per year for use at public schools in the County of San Luis Obispo. The grant funds are awarded to teachers for use in their classrooms to support artistic projects that deepen student understanding and appreciation of Architecture and its relationship to the Fine Arts. The grant award shall be used to facilitate teacher and student creativity through the purchase of teaching materials, art supplies, or fund experiences that would not otherwise be available. Our mission is to encourage and support creativity and excellence in teaching while expanding the available learning opportunities that focus on Architecture.

Amount of the Grants: \$2,500 in K-12 grants per school year.

Projects that will be considered:

All funds must be used for class projects that have an Architectural focus and enrich student learning opportunities. The purpose of the grant fund is to provide opportunities for learning experiences that would not otherwise be available in the absence of private funding. Except as expressed below, there is no limit on the nature of projects. Projects should involve painting, sculpture, music, dance, theatre, poetry, film, photography, drawing, conceptual art, printmaking, and/or design.

Exclusions

The grant funds should not be used or contributed to any of the following purposes: Fund-raising events, programs that support religious affiliation, discriminate on the basis of race, religion, gender, age, ethnicity, sexual orientation, support a particular political candidate or political agenda, and/or programs that do not directly benefit students in the classroom through the Fine Arts.

AIA California Central Coast

Application Format

Submissions should be no more than two (2) pages and contain: A general description of your project, the goals you hope to achieve, the benefit to students, and how the grant funds will be used to meet your project objectives. Please be specific with how these funds will be used. Include your name, school, grade level and contact information. Sample applications can be found on our website at: www.aiacentralcoast.org

All applications must include your Principal's signature, by which s/he acknowledges support for the project or activity proposed in the application.

Application Deadline

Applications must be e-mailed by **Sunday, February 5th** to:

The current Scholarship Director:

Scott E. Mann, scott@studio-2g.com

The AIACCC Scholarship Committee will evaluate and select the candidate(s). Applications will be evaluated based upon creativity, feasibility, and the potential for positive student impact.
